

Results of Round Table Discussions

Strengths

- Set regulation, policies and procedures for inclusive education at SAFAA.
 - Regular staff trainings (both for faculty and for administration) on ensuring inclusive education.
 - Expansion of the responsibilities of staff (deans, administrative) and Career center for providing services for students from underrepresented groups.
-
- Purchase of the equipment for the targeted groups within the project
 - Embedding new teaching and learning, as well as assessment methods in the academic programmes and curricula.

Weaknesses

- Lack of necessary resources and building conditions for the students with disabilities.
- Identification of the students from the underrepresented groups as many of them are not willing to talk about the issues.
- Not flexible curricula for the working students.
